PUERTO VALLARTA

Puerto Vallarta

YOUR CITY

PUERTO VALLARTA AT A GLANCE

In the 19th century **Puerto Vallarta** was a fishing town whose main income came from fishing and the export of bananas, corn, beans, and coconuts. In 1880 the estimated total population was around 1,500 people, but by 2010 that figure was 255, 725. Today there are over 300,000 people living here. The “friendliest city in the World” offers everything from water to mountain activities, golf courses, trendy beach clubs, fine dining, fun neighborhoods and nearby surfing towns with their own cultural movement. **Puerto Vallarta** is a year-round tropical paradise and a young vibrant city with the ease of a laid-back beach lifestyle.

DID YOU KNOW?

- Puerto Vallarta is situated on the Pacific Ocean’s Bahía de Banderas.
- Banderas Bay is one of the deepest bays in the world (at over 900 meters) as well as being one of the largest. It’s coastline runs for 42 miles (68 km), 25 (40) of them in Puerto Vallarta.
- The Night of the Iguana (John Huston) which shot to fame in the 1960’s put Puerto Vallarta on the map; it was where Richard Burton and Elizabeth Taylor met.
- With its sunshine and humidity, tropical fruits are grown here like bananas, mangoes, pineapples, star fruit (carambola), pomegranate, guava and passion fruit (purple granadilla).
